

## BUTTE MINER LEAPS 750 FEET TO DEATH

BUTTE, Mont., March 16.—Marco Brovich, a miner employed in the Montana Iron mine, committed suicide this evening by jumping from the 700-foot level and landing on a bulkhead 750 feet below.

Brovich recently returned from Alaska, where, it is reported, he lost \$1000. Brooding over this he decided to have caused Brovich to end his own life.

## MASTER AND MAN AT OUTS IN NEW YORK

NEW YORK, March 16.—Employers and their men in the building trades here are preparing, it is claimed, for a life and death struggle over the question of unionism.

The struggle probably will be precipitated by a declaration on the part of the employers for the open shop policy and the destruction of the building trades unions.

The disastrous strike here last summer, which caused losses amounting to the millions, ended in agreements to arbitrate future troubles, but now that the bricklayers' laborers have gone on strike, followed by the bricklayers, resulting in the idleness of 10,000 men and tying up of work all over the city, the employers declare that they cannot afford to enter into further agreements with the unionists. It is asserted they are preparing to settle the matter in a final fight.

The employers maintain that the open shop policy is the only course left to them if they wish to continue in business.

A firm stand is being taken by the men, however, on the ground that their plans for arbitration were thrown aside by the employers.

## ADVANCE COLUMNS OF ARMY OF CZAR

(Continued From Page 1.)

### ADMIRAL STARK RELIEVED FROM COMMAND OF FLEET

ST. PETERSBURG, March 16.—Official orders were published today relieving Vice-Admiral Stark from command of the Port Arthur division of the navy, ostensibly on account of ill-health. No successor will be appointed, Vice-Admiral Makaroff having determined to serve as squadron commander as well as commander-in-chief of the entire Russian naval forces in the far East.

Capt. Shchennikov, commander of the battleship Retvizan, has been decorated with the Cross of St. George for repelling the last Japanese torpedo attack and sinking the Japanese torpedo boat.

The talk of "Pyroline" (poisoned) swords having been left behind by the Japanese in battle on the mistreatment of a Russian technical term.

Gen. Zilinski, chief of staff to Viceroy Alexei, in a telegram said that pyroline had been found in the form of disc-shaped torpedoes, six inches in diameter, which the Japanese intended to use in breaching the road over which the Russians were expected to pass, in order that the explosions resulting from the impact of the torpedoes might cause a stampede.

### RUSSIAN SQUADRONS HAVE DROPPED OUT OF SIGHT

TOKIO, March 16.—Tokio is unadvised regarding the naval plans and movements of the Russians and is in doubt whether the remnants of their fleet still is at Port Arthur or is en route to Vladivostok.

Later this afternoon a telegram received at the Navy department says that seven Russian ships have been reported as having passed Port Lazareff. The report was not circumstantial. It did not give the direction of the ships or the direction in which they were sailing. It is anticipated that the Japanese, by their activity, will speedily determine the whereabouts and intentions of the Russians.

### LAFE PENCE OF BOISE SEES GREAT THINGS AHEAD

Lafe Pence, the well-known citizen of Boise, Idaho, formerly Congressman from Colorado, is stopping at the Kenyon for a few days. Mr. Pence has not visited this city for several years, and expressed his surprise and pleasure at the many notable improvements in the city.

With all other good Idaho citizens, he has great expectations of the results of the Government reclamation work. He considers that this State will greatly benefit from the installation of power stations that is taking place on the Snake river, as well as from the new fruit express that has been promised by the Short Line in conjunction with the Union Pacific and the Chicago & Northwestern.

"Fruit-growing is going to be, in fact it is already the great industry of our State. Why in the winter country we are producing melons that are in every way equal to the Rocky Ford cantaloupes, as a matter of fact, they are being sold under that name."

"The improvements and developments that we shall see in the next four or five years are going to make a regular empire out of Idaho, as they should do also of Utah. And when I went to Congress ten years ago we could hardly get them to listen to us when we spoke of turning the deserts into anything but wilderness."

### MARKHAM WAS SICK AND RUST WAS EASY

Special to The Tribune.  
MAHMOOTH, Utah, March 16.—The projected fight that was to take place between Tommy Markham and Ed Rust here tonight did not come off as anticipated. Almost at the eleventh hour Markham was taken sick and his place was taken by Joe Barney, who did the trick by knocking his man out in the first round. The crowd, which was quite considerable, was disappointed at Markham's non-appearance, but nearly every one stayed to see the game any way and were not pleased at the sudden finish. The blow that brought the money was a right swing to the jaw.

### TO CURE A COLD IN ONE DAY

## AGE CONSIDERATIONS IN PENSION RATINGS

New Schedule Arranged Effective Next Month Making a Number of Important Changes—New Ruling in Regard to the 65-Year Limit

WASHINGTON, March 16.—Commissioner of Pensions Ware, with the approval of Secretary Hitchcock today promulgated the most important pension ruling that has been issued in a long time. It directs that, beginning April 15th next, if there is no contrary evidence and all other legal requirements have been met, claimants for pension under the general act of June 27, 1890, who are over 62 years old, shall be considered as disabled one-half in ability to perform manual labor and shall be entitled to \$6 a month; over 65 years, to \$8; over 68 years, to \$10, and over 70 years, \$12, the usual allowances at higher rates continuing for disabilities other than age. The order follows:

"This order shall take effect April 13, 1904, and shall not be deemed retroactive. The former rules of the office fixing the minimum and maximum at 65 and 75 years respectively are hereby modified as above."

The order itself is preceded by a preamble which, after citing the law, says the pension bureau has established with reasonable certainty the average nature and extent of infirmity of old age; that thirty-nine years after the Mexican war Congress, in 1857, placed on the pension roll all Mexican war soldiers who were over 62 years old.

Commissioner Ware said today:

"There has long been in the bureau a feeling that a maximum age limit at 75 for 75 years. This was made during

Mr. Cleveland's administration by Commissioner Lochran.

"The 65-year minimum limit has been a long while in force in the bureau. The act of Congress which was passed in the latter part of January, 1857, and approved by President Cleveland, put all the Mexican war veterans on the pension roll thirty-nine years after the end of the Mexican war. It would seem that to soldiers of the Civil war who fought vastly more and longer at least as good a rule ought to apply.

"The order could not have been issued earlier, because it is only now that the thirty-nine years fixed by the Congressional limit has been reached. The Civil war ended in 1865.

"There is an advantage saving to the Government in the use of this order, because every old soldier who has reached the age of 62 years is able to prove almost without possibility of doubt, that he is one-half disabled from earning his support by manual labor. This being so, it seems unwise to put a soldier to the expense of time and transportation to go to a place where a medical board can examine him to find that fact out, and on the other hand it seems unnecessary for the Government to keep boards established and then pay \$2 for the examination of a soldier when the result of the examination can be so accurately foretold. Of the 200,000 examinations in the last year if one-fourth of them were saved it would make a saving to the Government of \$200,000 and perhaps an equal amount in time and transportation to the old soldiers who would have to go and be examined.

"I am not able to say what expense this bill would entail in the shape of additional payments."

## PRESIDENT ANGELL A VISITOR IN ZION

President Angell of the University of Michigan arrived yesterday evening, with his secretary, J. F. Collier, and is stopping at the Knottford. He spent the evening with his friends and some of his

old students at the University club. The program for the entertainment as announced in yesterday's Tribune will be carried out, the principal event for today being an organ recital at the Tabernacle, at which Prof. Radcliff will perform.

## STREET SWEEPER DOES DOUBLE DUTY

Salt Lake City can now claim the distinction of using the most extraordinary patrol wagon on record. For two weeks or more the regular wagon has been useless owing to the lack of a serviceable team. Many a deserving person entitled to thirty days for drunkenness has been spared because too drunk to walk to the station, and others have been pushed, carried and dragged in with much labor and tribulation of spirit on the part of the officers. It remained for Patrolman Joe Bush to solve the problem in a simple and effective way, and he solved it.

Last night he found a man hopelessly inebriated sitting on the curb at Third South and State. He soon discovered that the man could not walk. How to get him to the station was a problem. The officer scratched his head and cogitated. Just then there was a sound not exactly like the rattle of angel wings, but it brought inspiration to Bush.

"Aha, I have it!" he exclaimed.

The rotary street sweeper passed by going up State street. The policeman hailed it and had a short conversation with the driver. Then the inebriate was placed on the brush and the queer patrol wagon swept on to the city hall.

The prisoner was booked as "Dead Drunk," in the absence of a better name, and when a footlock and screw driver were taken from his pockets he was registered as a carpenter.

### WILL SING AND PLAY FOR SWEET CHARITY

The concert given by the little tots of St. Mary's choir for the benefit of Kearns St. Ann's orphanage has come to be considered one of the unique entertainments of the year, and this year promises to be no exception. Miss Nora Gleason, the leader of the choir, has taken especial pains in the arrangement of the programme, and an evening of unalloyed pleasure is promised the friends of the orphanage. Assisting the members of the choir is some of the best musical talent of the city. The concert will be given tonight in the Salt Lake Theater, and already a crowded house is assured.

### PROTEST TO CONGRESS GETS MANY SIGNATURES

The general committee, named at the non-Mormon meeting Monday night to circulate protests against the position of President Smith in testifying in the Smoot investigation that the people of Utah condone the crime of polygamy, has announced the following division of its membership for convenience in handing around the protests for signatures:

First Precinct—W. J. Meeks, Samuel Hammett, Albert Brown (not the ex-Senator).

Second Precinct—J. N. Courtney, S. D. Chase, N. B. Corser.

Third Precinct—George Hancock, H. C. Lawrence, R. B. Hildebrand.

Fourth Precinct—R. S. Rivers, H. W. Brown, Willard Hansen.

Fifth Precinct—Sam McDowell, F. E. McGurrah, W. F. Earls.

Next Monday night is the date of the first mass meeting, when it is hoped the petitions will be ready for forwarding to Washington.

### YOUNG MAN KILLED IN SCOFIELD MINE

Special to The Tribune.  
SCOFIELD, March 16.—A young man named Walene, whose home is in Fairview, was killed in the mine by falling rock and his body was shipped home yesterday morning. Up till now accidents have been very inconsiderable since the new men went into the mine, but mining without accidents is a thing unknown. This young man it is reported, was the only support of a widowed mother, who is thus bereaved of her joy and support.

## Deafness Can Be Cured

I HAVE MADE THE MOST MARVELOUS DISCOVERY FOR THE POSITIVE CURE OF DEAFNESS AND HEAD NOISES AND I GIVE THE SECRET FREE.

With This Wonderful, Mysterious Power I Have Made People Deaf for Years Hear the Tick of a Watch in a Few Minutes.

Send Me No Money—Simply Write Me About Your Case and I Send You the Secret by Return Mail Absolutely Free.

After years of research along the lines of the deeper scientific mysteries of the occult and invisible of Natural forces I have found the cause and cure of deafness and

I Have Demonstrated That Deafness Can Be Cured—Dr. Guy Clifford Powell.

head noises, and I am enabled by this same mysterious knowledge and power to give to every unfortunate and suffering person perfect hearing again; and I say to those who have thrown away their money on cheap apparatus, salves, air pumps, washes, douches, and the list of innumerable trash that is offered the public through flaming advertisements, I can and will cure you and cure you to stay cured. I ask no money. My treatment method is one that is so simple it can be used in your own home. You can investigate fully absolutely free and you pay for it only after you are thoroughly convinced that it will cure you as it has thousands of others. It makes no difference with this marvelous new method how long you have been deaf, nor what caused your deafness, this new treatment will restore your hearing quickly and permanently. No matter how many remedies you have used, you—no matter how many doctors have pronounced your case hopeless, this new method of treatment will cure you. I prove this to you before you pay a cent for it. Write today and I will send you full information absolutely free by return mail. Address: Dr. Guy Clifford Powell, 608 Auditorium Building, Peoria, Ill. Remember, send no money—simply your name and address. You will receive an immediate answer and full information by return mail.
